Supply chain

East On Projects Ltd operate from numerous locations throughout the United Kingdom. For services provided in the UK, we use our own staff together with a network of approved partners and sub-contractors. Procurement due diligence is carried out on all onboarded suppliers at the start of the relationship and throughout the term of our relationship with those suppliers.

Our policy

East On Projects Ltd.'s modern slavery policy is reviewed annually. East On Projects Ltd is committed to ensuring there is no modern slavery or any scope for modern slavery in our supply chain or any part of our business operations. It applies to everyone in our organisation and is available on our website and sharepoint.

We will continue to encourage and strive towards a culture where staff and managers are aware of their responsibilities in identifying any potential modern slavery practice and bringing it to the attention of the board of directors.

Compliance

All of our employees, sub-contractors, agents and partners are required to carry out all services ethically whilst promoting good working practices at all levels in accordance with the Act, without reservation.
